# HELP MAKE A MAKERSPACE IN LOWELL!

...and make it *your* makerspace

## LOWELL MAKES:

### A MAKERSPACE...IN LOWELL!

We are creating a "makerspace" here in the city of Lowell and want YOU to be part of it.

Makerspaces are all unique. Think of a makerspace as a **community workshop** full of equipment, materials, software, expertise and other **resources** most people would not otherwise have access to.

Nearby examples of makerspaces include **Artisan's Asylum** in Somerville, MA and **MakeIt Labs** in Nashua, NH.

Think **3D printers**, **laser cutters**, **CNC mills**, **welding equipment**, professional **CAD** software and much, much more. It's really up to you—the **Maker!**

A makerspace is **Lowell's rich heritage** of science, **art and manufacturing** adapted for the 21st century. Please join us at informational meeting. (see below)

## PUBLIC MEETING:

**MARCH 20, 2013 @ 6PM**

Public Informational Meeting

March 20, 2013 @ 6pm

Lowell Telecommunications Corporation

246 Market St, Lowell MA 01852 (map on other side)
